

CNSI Microfluidics Lab & Innovation Workshop COVID-19 Scheduling Information

Recent announcements

- CNSI Microfluidics Lab & Innovation Workshop COVID-19 Scheduling Information

Overview:

Work in Elings Hall under the Campus' COVID Phase 3 guidelines will be much different than they were before the shutdown. Research will ramp-up slowly so that we can be certain that the work environment is as safe as possible. Some of the most significant changes:

- Occupancy within Elings Hall will be limited. Safe distancing, disinfection, health screening and PPE requirements are described in the SOPs.
- Occupancy in Microfluidics and the Innovation Workshop will be limited to one person at a time in each lab. If there are no problems we may increase this to two people at a time, safely separated.
- Researchers need to schedule their lab time in advance: in general schedule requests will be due on Tuesday night for the week beginning the following Monday. Schedule changes will be made using FBS
- There will be no regularly scheduled training classes - special circumstances will be addressed individually.

Scheduling Information for Current Users:

The uFL and IW are be open from 9am - midnight. Users who have completed the CNSI and IW/uFL attestations may schedule work time in the labs using FBS.

- To add/modify/cancel or check reservations log into [FBS](#)
 - If you are new to FBS please [read this tutorial](#)
-]]. Please contact Dave Bothman if you have problems with FBS.

Instructions for COVID-19 access to Elings Hall and the Innovation Workshop and Microfluidics Lab

- Read the [Elings Hall Covid stage-3](#) CNSI Reopening SOP]]
- Read the relevant [COVID phase 4 Microfluidics](#) / [COVID phase 4 Innovations Lab](#) reopening SOP
- Read the [Office of Research \(EH&S\) COVID Safety Presentation](#)
- Sign the [attestation](#) that you have read the above documents and agree to follow the rules.

Sign the attestation digitally and email it to cnsi-schedule@ucsb.edu.

- Reapply for [access](#) to the CNSI exterior doors and lab doors (2448 or 3430)
- Complete the online health survey.
