

ELN: Publishing/Retracting Pages in Bulk

You can bulk publish (or retract) your ELN pages by going to Settings → Publishing in the ELN. Once you're there, you'll be presented with a screen like the one shown in Fig 1. You can choose to publish every page associated with your account, or publish every page in a selected notebook (Fig 2). For either option, simply follow the instructions to complete the publish/retract operation you're engaging in.

Fig 2. Publishing (or retracting) a selected notebook. Completing this operation will publish (or retract) all pages in the specified notebook.
